

Need finance for your new home? Talk to a lending expert.

If you need finance for your new Cavalier Homes home talk to Vera Mortimer, an experienced and well respected mortgage broker.

Vera can help you find the right construction loan to suit your situation. She has access to over 30 lenders, including banks, credits unions and building societies.

Vera is an Accredited Mortgage Consultant at Bernie Lewis Home Loans. She has over 25 years of banking, lending and finance experience and understands the importance of dealing with someone you can trust.

How a construction loan works

As the building of your new home usually occurs in stages, your construction loan is drawn progressively. Once each phase of your home is built, upon your satisfaction and approval the lender will release the invoiced amount to Cavalier Homes. During the construction period you may only need to repay the interest and make no repayments. Once your dream home has been completed the final payment will be paid and you can move in and enjoy.

Vera has access to construction loans for:

- First or subsequent home buyers
- Investors
- Home buyers with low incomes or low deposits
- Fixed & variable rate loans

You can feel confident that you are dealing with a lending expert who will provide you with exceptional service and assist you from your enquiry through to the settlement of your construction loan.

Vera's service is FREE* to you.

So to find out what your repayments would be on a construction loan or for an appointment with Vera call her today on (08) 8132 8601 or 0411 865 610, or email vmortimer@bernielewis.com.au
